

FACEPILLOW™ & STRATA FACEPILLOW™
CLOUD COMFORT TECHNOLOGY

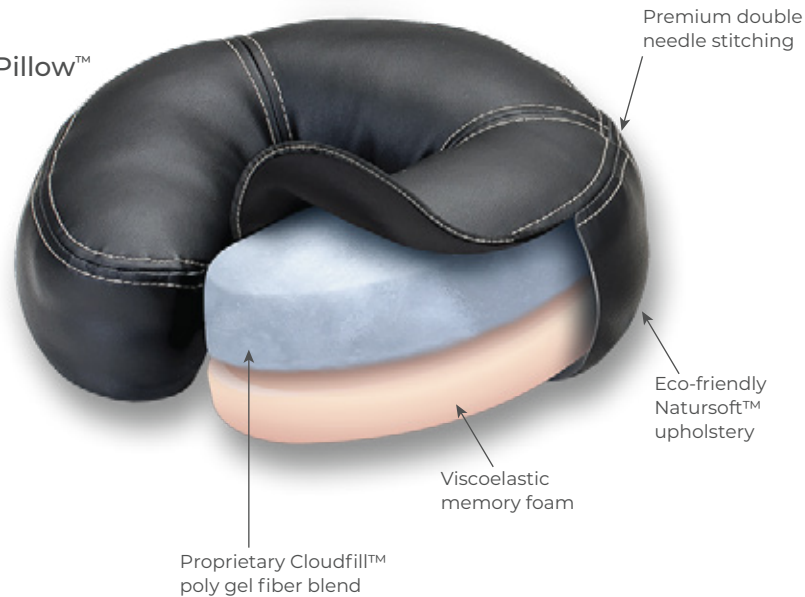

STRATA FACEPILLOW™

CLOUD COMFORT TECHNOLOGY WITH MEMORY FOAM

The all-new Strata FacePillow™ represents a seismic shift from the highly structured face cushions of years past to a cushion centered exclusively on providing the most relaxing, luxurious possible client experience. Extra soft, ultra plush memory foam cushioning and a unique rounded design literally cradle the face, decreasing pressure points and ensuring exceptionally long-lasting comfort. Finished with contrast double-stitching and available in a variety of stunning upholstery choices, the Strata FacePillow™ has taken relaxation and style to entirely new heights.

Strata FacePillow™

Features

- Unique, cradle-line design to relieve pressure
- Modern, attractive contrast double-stitching
- Available in a variety of eco-friendly colors
- Ultra-comfortable memory foam cushioning (Strata only)

FacePillow™

STRATA FACEPILLOW™

CLOUD COMFORT TECHNOLOGY

Our product designers have fused the finest materials available today, a proprietary blend of blown gel and polyfibers we call Cloudfill™ to create a downy soft, yet supportive cushion. Our FacePillow™ comes upholstered in our luxurious Natursoft™ upholstery with premium double stitching.
