

EARTHLITE® PRONE COMFORT BOLSTER & HEADREST

The Earthlite Prone Comfort Bolster and Headrest offers a proven unique support cushion ideal for face down treatments and recovery, especially for larger clients who can't lie comfortably on their stomach for extended periods. Made by EARTHLITE, the world's leading massage and wellness equipment and supplies manufacturer, since 1987.

Features

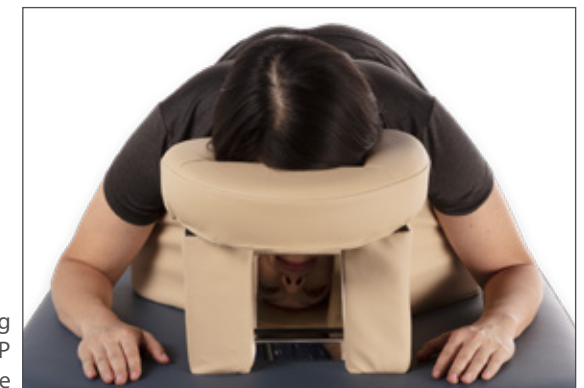

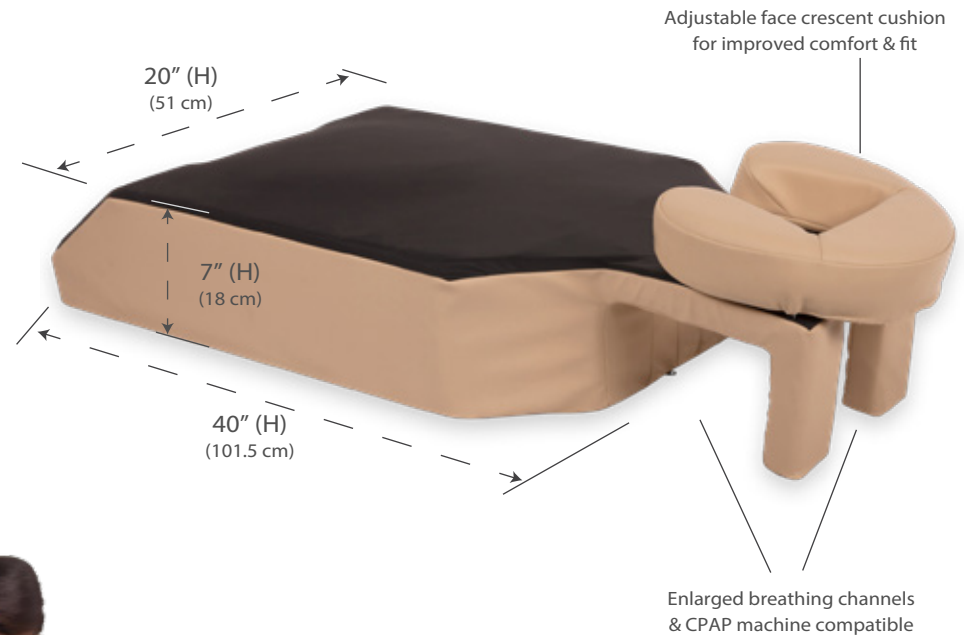

- Enlarged breathing channels allow for extended face down respiration
- Works with most CPAP machines
- Medical grade, water- and fluid-resistant PVC upholstery in Black/Tan
- Constructed from CFC-free urethane foam
- Adjustable, padded face crescent cushion for improved comfort and fit
- Patented design provides ultimate support for face down positioning after procedures, therapy or lower back relief
