

LEVITATE™ STOOL

ROLLING TECHNICIAN STOOL

The sleek Levitate™ rolling stool line is a designer's dream and a technician's best friend. The low profile Levitate carves a modern silhouette with a neat, double-stitched upholstered seat and chrome undercarriage. Meanwhile, the hardworking technician is anything but forgotten. While stylish, the low back gives plenty of back support, while the height adjustable contoured seat relieves stress points on the legs and sit bones for all day work. Soft casters minimize noise when moved. Three height ranges tailored for pedicure, massage, and mani/pedi combo. Available in four (4) Nature's Touch upholstery colors to match your decor.

Durable Nature's Touch upholstery & easy pneumatic height adjustment

Rolling casters and sturdy metal base
